7-Step Decision-Making Framework

1. Know what you want and set a clear direction.
 2. Revisit your core values and use them as a filter.
 3. Ask yourself: *Will this decision move me forward in my life, my business, or both?*
 4. Consider the consequences - who will it impact, and is it worth it? Weigh the risks and benefits.
 5. Decide - YES or NO - and move forward.
 6. Evaluate and learn from the results.
 7. Repeat these steps for every important decision you make.
